- Course website:
We use CCLE (<http://ccle.ucla.edu>) for the course website. You need a UCLA login to get access to it. Here I will post assignments, slides and any other course materials that we may use.
- Grading:

5 homeworks	35%
Midterm (Thu, Aug 21)	25%
Final exam (Thu, Sep 11)	40%
- Extra credit:
You have the opportunity to earn 2% extra credit points by participating in an experiment through the Psychology Department Subject Pool. By participating in experiments, you will have the opportunity to contribute to on-going research at UCLA while getting an inside glimpse of how research studies are conducted.

One credit is given for every hour of experiment participation. If you complete 2 hours of experiments, you will have 2% added to your final grade at the end of the quarter.

The posting and scheduling of experiments is handled via the Psychology Department Subject Pool system at <http://ucla.sona-systems.com/>. More information on how to use the system can be found at www.psych.ucla.edu.

NOTE: Before signing up for experiments, you MUST select the course for which you want your experiment credits to count. **All experiments for Summer Session C must be completed by September 9, 2014 (Tuesday of 6th Week).**
- Homeworks:
Homeworks are due on Tuesdays at the **beginning of class**. If for whatever reason you can't make it to class, you can leave them in my or Yun's mailbox in Campbell 3125. Make sure that you have your homework **timestamped** so that we know you submitted your homework in time.

Late homework policy: late homeworks are only accepted for full credit in case of documented medical emergency
otherwise: Tuesday after class: -25%, Wednesday: -50%,
after Wednesday: not accepted

Academic misconduct

Any and all instances of academic misconduct will be reported to the Dean of Students.

- Working together on homework problems is fine, but you have to write up your own version.
- There are different kinds of academic misconduct; it's not just copying. See here:
